

VoCoVo Enterprise

DESIGNED TO OPTIMISE TEAMWORK

VoCoVo Enterprise is a wireless headset communication system designed to revolutionise team collaboration.

Building on the simplicity of the VoCoVo GO solution, VoCoVo Enterprise introduces advanced hardware and software extensions.

These features support seamless scalability and enhanced functionality, making it the ideal choice for businesses looking to optimise team efficiency and elevate workplace satisfaction.

The **Series 5 Pro** headset, tailored for retail use, has been developed based on feedback from the retailers we've partnered with for years. Every element is tested for durability, comfort, and performance to meet the needs of modern retail teams.

- Ease of use
- Connected App
- Durable
- Isolation & Safety
- High Quality Audio
- Day-to-day task comms

The **small, smart battery** supports rapid charging to make sure your teams never go without the connectivity they need.
